

Northern Suburban
Special Education District

February 25, 2021

Dear NSSED Families,

Lake County Health Department Updates

- We are still in a period of substantial community transmission but the rate is trending down; the positivity rate is currently 4.2% in Lake County.
- The Illinois Department of Public Health continues to adhere to the 6 foot social distancing recommendation.
- Meal time is a likely time to pass the virus because masks are off and people tend to talk and socialize in close proximity; please observe mitigation measures during mealtimes.

Black History Month Resource

Students and staff are learning about Black History Month by participating at this interactive **Periodic Table of African Americans**. Thanks to Service Learning Coordinator Chuck Sheftel for sharing this learning activity!

Kurt A. Schneider, Ph.D.
Superintendent
Northern Suburban Special Education District
