

Northern Suburban  
Special Education District

May 20, 2021

Dear NSSED Families and Staff,

The Lake County Health Department has provided further information and guidance about face coverings for school districts:

- Despite the recent Executive Order from Governor Pritzker rescinding the mask mandate in Illinois, school districts must continue to follow Illinois Department of Public Health and Illinois State Board of Education school guidance, including masking and social distancing, for at least the remainder of the 2020-2021 academic year.
- School guidance is not changing, and both unvaccinated and fully vaccinated individuals will still need to wear masks at school.

Please connect with your program nurse or program administrator if you have questions about this information.

Kurt A. Schneider, Ph.D.  
Superintendent  
Northern Suburban Special Education District
