May 27, 2021

Dear NSSED Families,

Lake County Department of Public Health

The LCHD will transition to a community-based vaccination model next month, and the final day for COVID-19 vaccinations at the Lake County Fairgrounds will be Monday, June 14, 2021. Please see [this announcement](#) for more information.

All NSSED families and staff are eligible for the vaccine through the LCHD's [Allvax](#) site. Please note that you are affiliated with NSSED, which is located in Lake County, for eligibility purposes.

The Region 9 positivity rate is down to 2.2%, with Lake County at 1.6%. 38.35% of Lake County residents of all ages (not just those eligible to receive the vaccine) are fully vaccinated.

Cook County Public Health Department

Please see these [COVID-19 prevention factsheets in English and Spanish](#) that include information about COVID-19 vaccine as well as COVID-19 testing.

Chew on This Doggie Delights

NSSED's Transition Program and Services is making and selling dog treats. Our microbusiness, Chew on This, started in January and is now ready to take orders from our family members. We have been successful at many sites in the community. For more information and to order, please check out the attached links.

Commitment to Equity

The United States Department Of Education's Office For Civil Rights recently published a [Dear Educator Letter](#) regarding increased harassment and violence directed at Asian American and

Pacific Islander individuals. As always, our commitment to equity and inclusion for every learner, every day serves as our foundation. The cooperative's policies prohibit [harassment of students](#) and [harassment in the workplace](#), and students and families can contact any of our staff and administrators with concerns.

Kurt A. Schneider, Ph.D.
