Survey

We are developing parent and staff surveys that will provide us data for planning, improvements, and future decision making.

Halloween Guidance

The Illinois Department of Public Health has published [Halloween Guidance](#).

What You Can Do To Keep Our Communities Healthy and Our Schools Open

- WEAR A MASK
- WASH YOUR HANDS
- WATCH YOUR DISTANCE
- Get a flu shot now; don't wait!
- Limit your travel
- Cooperate with public health contact tracers
- Complete the NSSSED self certification every weekday, whether you/your child are/is in attendance or not

Contact Tracing

Our local health officials have asked us to remind you that health department staff will never disclose identifying information to close contacts. Unfortunately, you do need to beware of scams. Contact tracers will never ask for a social security number, money, bank or credit card information, or any form of payment. They will not ask for immigration status or threaten consequences for not participating or answering questions.

Staff Reminder

Please take 10-15 minutes to complete the Organizational Culture Survey by the end of the day tomorrow, October 9, so we can have all of our staff lend their voice in this snapshot of employee engagement and satisfaction. The survey was sent to you by your administrator last week. If you cannot access it, Andy Piper can help (apiper@nssed.org).

Kurt A. Schneider, Ph.D.
Superintendent
Northern Suburban Special Education District
